

## National Workshop on Expertising Network Infrastructure and Administration Concepts for the Academic Fraternity (ENIAC)

Presence of Information and Communication Technologies (ICT) tools and techniques has just revolutionized the methods of education. Traditional and conventional teaching methods have to be revamped to the fast changing scenarios in the contemporary educational sector. Easy access and affordable availability to the Internet opened new methods of education such as Virtual Learning Environment (VLE). Leave alone professionals, people of all walks of life have to have a minimum know-how of a networked infrastructure for better utilization of the facilities available at their fingertips.

ENIAC is a **UGC sponsored National Workshop on Expertising Network Infrastructure and Administration Concepts for the Academic Fraternity** organized by the *Department of Computer Science, Farook College (Autonomous)* with a broad objective of empowering participants with the basic information of building a network infrastructure on their own.

The event is also planned as a platform for bringing together researchers, professionals, experts, academicians, students and industry to promote Research and Development activities in Computer Science. The **tentative date of the event is 10-12 March 2016**.

### About Farook College

The Farook College (Autonomous), Kozhikode is the biggest residential postgraduate institution in the state of Kerala with 8 research departments and 15 PG & 20 UG programs. It is established in 1948 and is affiliated to the University of Calicut. It has been a catalyst for the educational growth of Kerala, especially the Malabar area. The college has been re-accredited at 'A' Grade by the National Assessment and Accreditation Council (NAAC), Bangalore. The college has also been identified as a Centre with Potential for Excellence (CPE) by the University Grants Commission (UGC).

### About the Department

Post graduate and Research Department of Computer Science was established in the year 1999, with the objective of imparting quality education in the field of Computer Science and Information Technology. The department has produced quality professionals, holding important positions in Computer Science & Information Technology industry/academic arenas in India and abroad. The College is one among the earliest colleges to start the three years BSc program in Computer Science under University of Calicut. It is **the first research Centre in Computer Science among Arts and Science College in the state of Kerala**.

The department offers under graduate, post graduate and PHD programs in Computer Science. The faculty members are active and committed with intense inclination towards research.
